The following commonly assigned U.S. Patent Applications are being cited to the Examiner for review and consideration. In order to avoid printing of these applications on the face of any patent issued herefrom, the applications are listed on a separate sheet of paper. Enclosed please find a copy of these applications. Once the applications have been reviewed, it is requested that the Examiner place his or her initial to the left of the identified patent application on the separately enclosed list document to indicate that the specific patent application has been considered. It is also requested that the Examiner return a copy of the listed document to the Applicant for retention in the file.
